

32<sup>nd</sup> ELGI Annual General Meeting

Hamburg Germany

30<sup>th</sup> April – 3<sup>rd</sup> May 2022

## Tour Fraunhofer & 3D Printing

Tuesday 3<sup>rd</sup> May 2022

We have arranged a tour of IWES & IAPT at the end of the conference

If you wish to join this tour then do complete the AGM Registration form on time.

Please note the maximum number allowed to tour both facilities is 50. Do book on time.

- Coach departs at 13:30
- Coach returns to the hotel at 16:30
- You will receive further information on Fraunhofer Covid protocol to tour their facilities

<https://www.iwes.fraunhofer.de/en/press---media/bearing-test-bench-now-fully-functional.html>:

Fraunhofer Institute for Wind Energy Systems offers turbine manufacturers, suppliers, wind farm operators and power authorities industry relevant research services and target-oriented collaboration concerning the complete spectrum of technical wind energy utilisation issues.

<https://www.iapt.fraunhofer.de/en.html>:

Fraunhofer IAPT is one of the leading research institutes in the field of additive manufacturing (AM). They specialise in the following areas: design, process technology, factory systems, digitalisation and qualification. Their objective is to scale up additive processes and technologies and facilitate their transfer to industry, thereby enabling the manufacture of completely new and resource-efficient products. They can provide customised solutions and help launch you as a competitive player in the field of additive manufacturing.

ELGI: Hemonylaan 26, 1074 BJ Amsterdam, The Netherlands.
