<https://www.iwes.fraunhofer.de/en/press---media/bearing-test-bench-now-fully-functional.html>:

Fraunhofer Institute for Wind Energy Systems offers turbine manufacturers, suppliers, wind farm operators and power authorities industry relevant research services and target-oriented collaboration concerning the complete spectrum of technical wind energy utilisation issues.

<https://www.iapt.fraunhofer.de/en.html>:

Fraunhofer IAPT is one of the leading research institutes in the field of additive manufacturing (AM). They specialise in the following areas: design, process technology, factory systems, digitalisation and qualification. Their objective is to scale up additive processes and technologies and facilitate their transfer to industry, thereby enabling the manufacture of completely new and resource-efficient products. They can provide customised solutions and help launch you as a competitive player in the field of additive manufacturing.

Sponsorship Opportunities

For the continued success of our AGM, participants have the opportunity to sponsor an event at the conference. Guidelines are available on request from the ELGI carol@elgi.demon.nl.

Table Top Displays

Table Size: 180cm x 90cm. Meet colleagues in the industry from more than 32 different countries in strategic areas of the conference. Reserve your table top space to advertise your company.
